Animal Show

○ Held daily in the Large Hall

Come watch and enjoy performances that display the clever abilities of our incredible animals.
※ Shows may be postponed or canceled due to the animals' health conditions.

Animal Boat Tours (※with fee)

○ First in Japan! Experience observing the animals from a boat with our boat tours.

Get close to lemurs, squirrel monkeys, and spider monkeys on the island.

※ Around the Lake course, Monkey Island course (includes feeding experience for ring-tailed lemurs or Squirrel monkey)
※ Tours may be canceled due to the weather.

○ Capybara Rainbow Plaza

An area where you can learn about the ecology of capybaras or discover something interesting from every angle. Besides petting capybaras, you can also experience feeding them (purchase of food required) or enjoy a craft workshop.

○ Touch de Zoo

You can interact with small adorable animals and experience feeding them (purchase of food required) without worry about weather.

※ The type of animals you can interact with will depend on the physical condition of the animals.

Dear Visitors (About Our Animals)

To ensure that the animals do not get upset stomachs or become ill, please do not feed them anything other than designated treats purchased from the zoo.

※ In case of bad weather, outdoor events or animal feeding experiences may be canceled.

April 2018

Certified as Izu Peninsula UNESCO Global Geopark

Mt. Omuro erupted about 4000 years ago, and the lava flowing out from a parasitic cone, Mt. Iwamuro (present Izu Shaboten Zoo), built the wonderful landscape of the Izu Kogen highlands and the Jogasaki coast.
